

Professor Beomseok Jeon is Medical Director of the Movement Disorder Center at Seoul National University Hospital. He is the past President of the Korean Movement Disorder Society, and served as the International Delegate of the Korean Neurological Association. He also served as the Director of Office of the Medical Policy and Communication, Seoul National University. Currently, he is Vice-President of the Korean Neurological Association and Asia-Oceanian Association of Neurology, and Chair-elect of MDS-AOS.

Prof. Jeon graduated from Seoul National University College of Medicine, and completed his neurology residency both at Seoul National University Hospital (1983-1987) and at the University of Minnesota (1987-1991), and then had movement disorder fellowship under Prof. Stanley Fahn at Columbia University (1991-1993). He also studied basic neurosciences under Prof. Robert Burke as H. Houston Merritt Fellow (1997-1998) at Columbia University. Prof. Jeon has extensively studied genetics in Korean patients with parkinsonism, and is currently interested in medical and surgical treatment of advanced parkinsonism. He has published over 290 peer reviewed articles, and wrote eight book chapters and three books for patients and families with Parkinson's disease and ataxia.
