

**Alberto J. Espay, MD, MSc, FAAN, FANA**

Dr. Alberto Espay is Associate Professor and Endowed Chair of the James J and Joan A Gardner Center for Parkinson's disease at the University of Cincinnati. His work has focused in part on the phenomenology and treatment of Parkinson's disease and in the understanding of functional movement disorders. He has published over 120 peer-reviewed research articles and 5 books, including *Common Movement Disorders Pitfalls* (Cambridge, Highly Commended BMA Medical Book Award, 2013) and *Disorders of Movement* (Springer, 2016). Dr. Espay has received the Dean's Scholar in Clinical Research Award (2006-09), the Dystonia Coalition Career Development Award (2010-2012), the NIH-funded KL2 Research Scholars Mentored Award (2010-12), and the NIH-funded K23 Career Development Award (2011-16). He currently serves as Chair of the Technology Task Force, Chair of the Membership and Public Relations Committee of the International Parkinson and Movement Disorders Society, and Executive Committee member of the Parkinson Study Group. He is former Chair of the Movement Disorders Section of the American Academy of Neurology. He became honorary member of the Mexican Academy of Neurology in 2008, joined the Best Doctors in America list in 2009, received the Business Courier's Forty Under 40 award in 2010, the Patients' Choice and Compassionate Doctor awards in 2011, and the Cincinnati Business Courier's Health Care Hero Award in 2016.
